

GREAT DATA IS

RAPIDCOURT

NAPBS hosted another informative and beneficial conference last week. We hope you enjoyed your time in Denver and were able to take home some best practices and goodies from exhibitors. **RapidCourt** greatly appreciates all attendees who visited with us to talk about how we can provide you access to great criminal data for your searches!

What is Great Data? As we shared with you, there are several key answers to this question, but ultimately, great data comes from a great partner. **RapidCourt's** partners experience great data that is fresh, easily accessible on multiple platforms, affordably priced and always accompanied by responsive service.

Discover a great partnership with your data provider, and talk to **RapidCourt** about these great solutions:

**RCXpress:** Real-time Direct-to-Source searches for only pennies!

**Instant Data Solutions:** Our proprietary database with over 400 million unique records from 2,600 sources.

**Comprehensive Criminal Guardian:** Our superior criminal monitoring tool.

Keep in touch on **Twitter** and **LinkedIn**, because we'd love to hear from you. We'll see you in DC for the Mid Year!

**About RapidCourt:** **RapidCourt** is a leader in data acquisition technologies, seamlessly connecting users to relevant records from thousands of sources. **RapidCourt** offers the most comprehensive and dependable set of criminal data acquisition tools in the industry.
