

BIB

Providing Peace
of Mind Post-Hire

How do you know when an employee or volunteer has been arrested? Many organizations have a policy in place that requires individuals to self report; unfortunately, most people are too concerned with consequences to do so. And unless it ends up in the media, you may never know.

But there is a way to monitor your employees and volunteers post-hire with N.C. Guardian Monitoring. BIB is the exclusive provider of this product which allows for daily, automated monitoring of arrests and traffic violations in N.C.

How it works:

You simply provide us with the names to monitor. Arrest and violation data is scanned daily, and if a hit appears on one of your subjects, we verify it before reporting to you.

Although Guardian is not a replacement for regular rescreening, it is a valuable tool that allows you to minimize risk and maintain a safe workplace.

Ready to learn more about Guardian and about how BIB is a better way to background check? Contact us today for information about screening and how you can enroll in Guardian and enjoy a 60 day trial offer! Pricing depends on volume of monitored subjects and starts at as little as \$89/month.
